Worldwide Cancer Research, Registered in Scotland, No 152991. Charity No SC022918.

why worldwide?

For us, that's 1 in 2 too many.
Our solution? We believe that bold research will cure cancer, and that the biggest risk is in not taking one.
That's why we back the brightest research minds all around the world in their quests to find new ways to prevent, diagnose and treat cancer – and give more families more time together.

1 in 2 people are diagnosed with some form of cancer during their lifetime.

worldwidecancerresearch.org

bold research will cure cancer

In the last 40 years we have...

invested
£200 m
into cancer research
worldwide

devoted
£100 m
to cancer research
in the UK

funded
2000
projects in over
30 countries

funded
1200
researchers

Since Worldwide Cancer Research was founded in 1979, cancer survival rates have doubled. But cancer remains the world's second biggest killer. That's why we need your support to help us continue to kick-start cancer cures around the globe.

Help us save lives - now and in the future

With your help, cancer researchers can continue to make new discoveries that will save millions of lives.

We receive no government funding, so every penny spent on life-saving research comes from wonderful supporters like you.

We rely entirely on your donations – your pocket change, your regular gifts, your sponsored events and your partnership – to support the world's best researchers.

One day, cancer will no longer be feared. The more pioneering research we can fund, the sooner that day will come
