Who are we? Worldwide Cancer Research is a small charity with immense ambition - to see a day where no life is cut short by cancer. To bring that day closer the charity is growing.

What do we do? We find and fund bold ideas at the start of the cancer research journey all over the world. Kick-starting the life-saving advances of the future by sowing the seeds of new discoveries today. Funding brand new ideas and supporting researchers who ask big, challenging, new questions about how cancer works and how we can control it.

Being a small charity with around 45 employees allows us to be open, honest and personal with our supporters. Everyone who works for this charity plays a significant role - without them we wouldn't exist. If you want to speak to the CEO, you can. If you want to speak to the research team, you can. If you want to share your story, there will always be someone to listen.

To help bring forward the day when no life is cut short by cancer, we are looking for an Information Governance & Compliance Manager to join our team. Is that you?

Key information about the role

To lead and be the main point of contact for all aspects of data protection, privacy, information sharing, records management and related issues across the organisation. Establish, develop and deliver all information governance policies and procedures, promoting best practice and continuous improvement in line with applicable legislation.

To oversee the controls surrounding the collection, processing and security of information across the organisation, ensuring ongoing compliance with current and future data protection regulations, and industry good practice.

To provide expert support, advice, training and guidance across the organisation concerning the on-going implementation of information governance policies and procedures, ensuring all colleagues are fully informed of their own responsibilities for acting within the law.

If you are a recognised expert and acknowledged authority with broad and in-depth experience within this field, have successfully completed a certified EU General Data Protection Regulation Foundation and Practitioner (GDPR) training course and have a comprehensive knowledge of concepts, principles and associated legislative/regulatory requirements for Information Risk, Records Management and Data Protection, then this is the role for **you!**

If you're up for the challenge and are excited about becoming part of Team Worldwide, we want to hear from you!
